# Seraqua™ serum base

## An ultra-light O/W serum base with an innovative and elegant formulation

The presence of silicones promotes hydration and skin protection without an occlusive effect. Seraqua™ serum base is specially designed to incorporate high concentrations of APIs and DCIs\*. Due to its excellent spreadability, only a small dispensing quantity is required. Seraqua™, like other Fagron Advanced Derma bases, is designed according to the latest insights into topical vehicle safety and tolerance.

### Benefits

- Ideal for facial area, including the eyebrows and eyelids
- Non-comedogenic
- Compatible with a broad range of APIs and DCIs\*
- Formulated without fragrances, dyes, parabens, mineral oils, SLS, propylene glycol and ethoxylates

### Example compounding formulations in Seraqua™

Retinol (vit. A) 0.4%	Tretinoin (vit. A acid) 0.05%
	Aloe vera extract 5%
