Versatile™ cream base

A highly elegant vanishing O/W cream base with a unique formulation

This vehicle offers versatility for compounding challenges because it can retain its consistency with a broad range and high concentrations of APIs, DCIs*, and solvents. Versatile™, like other Fagron Advanced Derma bases, is designed according to the latest insights into topical vehicle safety and tolerance.

Benefits

- Hydrophilic moisturizer
- Sophisticated, elegant formula
- Pleasant and soft, non-greasy skin feel
- Excellent hydration effect to support skin balance
- Compatible with a broad range of APIs and DCIs*
- Formulated without fragrances, dyes, parabens, mineral oils, SLS, propylene glycol and ethoxylates

Example compounding formulations in Versatile™

Glycolic acid	8%	Mometasone furoate	0.1%
Tacrolimus	0.03%	Diclofenac sodium	3%
Salicylic acid	8%	Ammonium lactate	10%
		Triamcinolone acetonide	0.1%

NDC No. Size
51552-1343-05 500 G
51552-1343-08 2.5 KG
51552-1343-07 10 KG

Balanced Skin

Dehydrated Skin

Compatible with a broad range of APIs & DCIs

Examples

API/DCI	Common concentration(s)
Ascorbic acid (vit. C)	5 to 15%
